	Mentoring Program on Aging and Health Economics Research	
	<i>NBER</i>	May 2024
	With support from the National Institute of Aging, NBER launches a mentoring program for students from under-represented and nontraditional backgrounds who are interested in pursuing research in aging and health economics. This fully-funded program includes elements of both training, such as discussions of state-of-the-art empirical methods and relevant data sets, and project development, with an emphasis on identifying promising research questions.	
	Harley W. Howell Prize	May 2022
	This award is given to a senior business and economics major for superior academic achievement, promise of leadership career in the field, sound moral character and campus citizenship. This award was issued by the Stead Department of Business Administration & Economics from Coe College.
